SUMMER IS FUN

DEAR PARENTS,

Holidays are time when we can connect with child in many ways .As you are your child first teacher, you can encourage your child's love for learning by participating in many activities at home. Working together will help your child build confidence, learn to reason and develop skills necessary for his/her education.

- Take your child for a morning walk, talk about things you can see around.
- Play indoor games with your child.
- Let your child help around house doing small jobs like dusting, cleaning the tables, filling water bottles, watering plants etc.
- To spend quality time with your child, take them for an outing and home fun together.
- Encourage them to spend time with grandparents.
- Communication will play pivotal role in grooming the overall personality of the children. Converse your child preferably in English.

1. LEARNING BY DOING:

- i. Practice tying shoe laces and buttoning up your shirt.
- ii. Keep your room clean and well organized.
- iii. Help your parents with daily chores.
- iv. Don't forget to spend time with your grandparents and help them.
- v. Plant a tree and nurture it. Click the picture of its growth and paste it in scrapbook.

2. BE AN ECO BUDDY :

The earth is a common habitat for all living beings. It is the home of man, birds and animals, vegetation and other creatures. All living beings depend on various resources of the earth for their survival. It is our responsibility to take care of our planet and conserve it for future generations. So let's include very important 3Rs (Reduce, Reuse and Recycle) in our lives.

Let's start thinking about what we REALLY NEED and refuse what we don't. That way, we can save natural resources, reduce waste, and help the environment

A. REDUCE

Reducing waste includes rethinking what we buy and use, and rejecting things we don't need. For example: try reducing your use of 'single use' items such as bottled water and plastic bags, and choose alternatives that can be used again, i.e. reusable water bottles, cloth shopping bags, re-usable shopping bags and lunch boxes. Let's start with reuse

B. REUSE

Many materials that end up in your bin at home could be reused. Get creative and re-use old tin cans, containers, clothing, building materials or bags.

Roll No. -1 to 10 :Make a phone diary using papers from the oldnotebooks. Decorate your diary with pictures from old wedding cards and greeting cards. Write phone numbers of your parents, grandparents, two neighbours, fire brigade, police station, ambulance, your family doctor, friends, any one agency where we can send our left over food for the needy etc.

3. EAT HEALTHY, STAY HEALTHY

Summer Vacation is synonymous with fun, frolic, getting up late in the morning, playing for longer hours with friends, going for picnics, exploring new places and watching fun filled shows on television. But this is the time to take care of your health from the burning sun by

- doing regular exercises and yoga
- eating healthy food
- drinking lots of water and juices

Poster making: Prepare a poster showing 'Eat Healthy, Stay Healthy'.

4. Happy Father's Day (Sunday, June 19)

"A dad is someone who holds you when you cry, scolds you when you break the rules, shines with pride when you succeed and has faith in you even when you fail...." Take your father for a nature walk observe the beautiful plants around you with him .Collect leaves of different sizes and shapes. Take your mother's help and make a beautiful greeting for your father with leaf printing and also write a heart touching message inside it. Surprise him by making sandwiches and lemonade in the breakfast for him with the help of your mother .Capture the moment by clicking pictures and pasting it in scrapbook.
